

Mission & vision

Mission: CCPA facilitates Open Fun Football Schools and other community-based grassroots sport activities for the purpose of developing, participating in as well as implementing projects reaching across societal divides with the main objectives of *reconciliation, respect for diversity, gender equality, civil society participation and partnerships.*

Vision: Bringing people together to interact in activities of common interest for a meaningful purpose

Added values
What can we offer our stakeholders to accomplish our goals?

Peace and Reconciliation

Participation and partnerships

Social integration and Respect for diversity

Gender equality

Interaction and dialogue

We use OFFS as a mechanism to bring people together across ethnic, social, political and/or religious divides, in order to build relationships between people, foster tolerance, and create a common ground where differences are not barriers to promoting peace, security and cooperation.

Voluntarism and association building

We use OFFS as a platform for voluntarism and association building in order to promote community engagement, shared social responsibility, and the creation of a sustainable and active civil society.

Committed partnerships and strong connections

We use OFFS to facilitate committed partnerships and strong connections, in order to pool resources and exchange know-how and experiences from different sectors and actors with a shared interest in our mission.

Youth networks and -empowerment

We use OFFS as a platform to mobilize young people in order to provide them with networks, skills, tools and experiences, and enable them to become active community participants, role models and actors for a better future.

Opportunities for women and girls

We use OFFS to create a platform providing women and girls with equal opportunities and access to participate in sports and other social arenas based on their individual wishes, skills, and competencies rather than on gender.

Areas of attention
Focus areas we work with to deliver the added values

OFFS and other cross community events aimed at motivating community participation and building sustainable networks and associations.

Implementation of a joined cross cutting methodology and practically applicable education through regional- and international seminars and meetings.

Active involvement and cooperation with relevant community stakeholders across sectors (e.g. NFAs, ministries, municipalities, schools, sports clubs, and local police).

Promoting targeted and specialized networks within our organisations for women and youth

Prerequisites
Prerequisites that must be present: systems, competencies, culture

Development of OFFS
